Description	Qty	Price	Total
Notes for stitching the single stitch line around top interior of the mini cooler bag (on EVA lining) and double stitch line around top exterior of the mini cooler bag (on 600D polyester): For the pre-production sample, have the same color thread for the exterior and the interior that matches the EVA lining. Meaning if the EVA lining is bright Yellow-Orange and both the top thread and bobbin threads are both Yellow-Orange, that Yellow-Orange thread would be contrast stitching on the Black/dark exterior cooler bag material. Here is our reasoning: 1) This is the factory standard. 2) Will not have an issue if the tension between the top thread and bobbin thread is unbalanced and color of thread shows up on the other side. 3) Can be a nice design detail that pulls from the Yellow-Orange text "Live the" and "LIFESTYLE". 4) Can change to the option of using different color top thread and bobbin thread that matches the color of the material it is being sewn on if client requests the change for production. Cooler bag imprint Design: TakeCare "Balanced Lifestyle" Imprint method: Dye sublimation imprint with full bleed, artwork to be provided by the client Imprint color/s: 4-color process C + M + Y + K Imprint size: Full bleed Imprint location: Full bleed
